

SPOT-ON SCRUBBING

**Get powerful orbital scrubbing performance in your smallest spaces.**

The Conquest Nano EDGE takes the pain out of scrubbing small and narrow spaces. Forget labouring over stubborn tiles and grout, reaching behind fixtures and polishing stairs by hand—the Nano EDGE gets the job done!

The oscillating orbital scrubbing motion loosens and removes grime effectively, aided by the pressure of the weighted scrub head. The Nano EDGE is suited to delicate and hardy floors alike; just change the pad to suit the application. It even strips floors, chemical-free!
