

XPOLY8

High Performance Floor Stripper

Insist on **Whiteley Industrial** when ordering your hard floor care products

Benefits:

- > High Performance Floor Stripper
- > Fast acting
- > Liquefies old sealers on contact
- > Effective on most types of flooring

XPOLY8 is a low odour, fast acting, labour saving method for removing floor sealers/finishes with a minimum of scrubbing. **XPOLY8** is a new generation floor stripper designed to rapidly liquefy and emulsify old sealers for easy removal with an auto-scrubber or mop and bucket.

XPOLY8 is a powerful dual action floor stripper designed to remove metalised and non-metalised floor finishes.

XPOLY8 contains a blend of glycol solvents that synergise with a rapid penetration dual chain emulsifier to penetrate the most stubborn old polish films. **XPOLY8** can be used on vinyl, vinyl asbestos, rubber, no-wax linoleum, lino tile, marble, terrazzo, ceramic quarry tiles and most types of flooring.
