AUTO REVIVE

VINYL & DASH REJUVENATOR

DESCRIPTION / APPLICATION

AUTO REVIVE is designed for use as a polish and conditioner for timber, plastic laminated surfaces, glass, vinyl, leather, rubber and enamel painted areas. It is suitable for dashboards, trims, tyres and more

BENEFITS

- Contains a complex blend of the finest quality polymers, surfactants and silicones
- Specifically formulated to meet the demands of the professional detailer
- Produces a deep long lasting shine for a visibly improved protective finish
- Improves results and reduces processing time

DIRECTIONS FOR USE

Use undiluted in a spray bottle direct to surface. Using a sprayer, spray a light even mist over the surface, and buff to a shine with a clean soft cloth.

CAR INTERIOR SURFACES:

1. Clean and dry surface to be treated.
2. Apply AUTO REVIVE liberally on to a soft cloth or sponge.
3. Wipe cloth over the surface to create an even cover.
4. Let the product penetrate, then wipe off excess. Do NOT allow AUTO REVIVE to dry before buffing.
5. Apply regularly to maintain protection and appearance.

HEALTH & SAFETY INFORMATION

See separate Safety Data Sheet available on request.

PACKAGING

5 L Natural Bottles
